CAMERON SHAW

PARTNER

ABOUT CAMERON

After gaining 20 years experience working in the financial sector, Cameron Shaw has developed a range of experience and expertise in not only Insolvency and Reconstruction fields, but also the Banking and Financial Due Diligence sectors.

As a Partner in the Corporate Recovery and Insolvency services section, Cameron Shaw is acknowledged for his impressive ability to formulate the best possible solution for individuals and companies in financial difficulties. It is this wealth of experience and expertise that has provided Cameron with the prestigious opportunity of establishing the Hall Chadwick Corporate Recovery division in Perth.

Cameron holds utmost confidence in his WA team, and also enjoys the friendships developed and maintained with referrers. According to Cameron, Hall Chadwick staff are offered opportunities, specifically, to work on a range of complex matters that other second tier firms may not provide.

Cameron's experience includes 14 years in the Insolvency and Reconstruction field as well as several years working within the Australian banking sector. During this period his experience has ranged from sole proprietorships, through SME's to listed entities. Further experience gained overseas in the United Kingdom as an advisor to Private Equity houses has provided Cameron with additional perspective into the drivers of businesses which allows Cameron to widen his scope when looking to restructure and turnaround distressed companies. Cameron enjoys surfing and camping in his spare time. He believes that the firm's national status and passion for success is key to Hall Chadwick's past and future achievements.
